

WEGO – October 2020 to April 2021

Current guild members.... Individual memberships 94 and 5 family

All guild meetings, presentations, workshops, and study groups have continued to be on Zoom. Study groups and guild board is looking at the possibility of having in person meetings again starting in May.

Although many people are not comfortable attending meetings via Zoom, we were able to include out of town members and have special presentations at the guild meetings. We are looking into the ways that we can continue offering on line access for those that cannot attend in person.

Here are a few of our on-line workshops and quest speakers:

September 2020 – workshop by Sara Jackson “Color Confidence”

March 2021 – workshop by Linda Hartshorn – “Parallel Universe”

COSW guild program- 3-part program “Design Tools for your Fiber Passion”

March 2021- quest speaker at guild meeting was Lynne Smetko “Design Debilberations”

Overshot Friendship Coverlet project has 13 weavers participating. They are doing one extra piece to be made into a runner and possible sell at future venue.

Upcoming workshops for our guild:

June – Jenifer Moore – “Mathamagical Design, Geometry in Testiles”

September- Jenifer Moore “Double Rainbow”
