

## Klamath Spinners and Weavers Guild Report - Spring 2022

The Guild held monthly, in-person meetings over the winter. Meetings featured a learning session on a spinning, weaving or fiber-related topic each month, as well as preparation for our upcoming September Art Show, "Out of the Wools".

The Guild would like to extend an enthusiastic invitation to the "Out of the Wools" Art Show! The show will be held throughout September at the Klamath Art Gallery and will feature works of several Guild members. The "Out of the Wools" theme was selected as a means of highlighting the many talented Guild members and introducing their work to the community. Everything from rugs, pillows, scarves, and dish towels to hats, dolls, buttons, and felted wall hangings will be included. Many items will be fashioned from local wool.

Interested WeGO members can also follow the Guild progress on our new Instagram account @klamathspinnersandweavers

In the meantime our monthly meetings have been well attended and new faces are showing up all the time! Meeting lessons have included drop-spindle spinning, rug making, and brioche knitting. Upcoming meetings will focus on weaving with small looms, felting, and the ever popular wool dyeing.
