## WeGO Report 2022

Our guild is much tinier due to covid 19 and other factors. We currently have only 7 members, none of which are willing to serve as a WeGO representative. I'm filling in until someone is willing.

The Guild finally elected a president 2 months ago, a secretary, and a treasurer. President is Sandie McDonald, secretary is Thea Nortness, and treasurer is Elaine Owen. We have no other officers. Half of our current membership are “snowbirds”, they are in our area only 6 months out of the year, but are very active when they are here.

Our annual Guild challenge was to create something in Ukranian flag colors, the challenge was met by half our members.

We've had some wonderful programs put on by members and guests, card weaving, rigid heddle loom warping, blackberry vine basketry, shibori dyeing, and outdoor disperse dyeing at our annual picnic.

The highlight of our meetings is show and share; we all adore admiring the works of art that come off the looms, needles, and out of the hands of our basket makers.

We are actively advertising for new members with brochures and word of mouth.
