## **FUNDRAISING/INCOME**

- New: TLC Shop - Jean Cockelreas is spearheading a project to make greeting cards using weaving scraps. When we have visitors in the studio, they frequently wish to purchase a souvenir. It is an unmanned area near the weavers, honour system, purchases by Venmo, cash or check with a lock box.
- Weaving lessons  
Tuition is split between WHC & SFG. An SFG member provides the lessons and donates \$100/student to SFG.
- Annual Sale - November

## **EDUCATION**

### **Monthly Programs**

- October: Rob Mertz, ETC, Loom Maintenance & Repair

### **Workshops**

Our goal is 2 workshops/year - one fall, one spring. We have a space challenge and no looms to rent for weaving workshops. Current officers are working towards expanding education to include more non-weaving programs.

Last fall workshop: Pine Needle Basket Weaving, very well received, talk of a study group

### **Lessons**

Weaving - students have slowed down, max 3/month. We split fees with Willamette Heritage Center

Spinning - new, offered by our President, she is booked out until fall 2026. 100% of fees goes to WHC.
